

NEW YORK STATE BOARD ON ELECTRIC
GENERATION SITING AND THE ENVIRONMENT

CASE 18-F-0262 - Application of High Bridge Wind, LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 to Construct an Approximately 100 MW Wind Powered Electric Generating Facility Located in the Town of Guilford, Chenango County.

NOTICE EXTENDING DEADLINES FOR COMMENTS AND RESPONSE

(Issued February 14, 2019)

By comment filed February 12, 2019, Town of Guilford resident and Chair of the Guilford Town Planning Board, Robert Davis, requested an extension of the deadline to file comments on the Preliminary Scoping Statement (PSS) filed by High Bridge Wind LLC (High Bridge Wind) for the proposed High Bridge Wind Farm. Comments on the PSS currently are due February 14, 2019. Mr. Davis stated that the Notice of Filing of the PSS and Deadline for Submitting Comments issued on January 31, 2019 was not "received locally" until February 11 and that the current February 14 deadline therefore should be extended to allow more members of the public to participate in the process. Mr. Davis has requested a two-week extension of the comment period to February 28, 2019.

On February 14, 2019, High Bridge Wind requested an extension of the public comment period to February 25, 2019, noting that some local residents have expressed concern with the current timeframe for the submission of comments. High Bridge Wind also requested a corresponding extension of its deadline to respond to PSS comments.

PLEASE TAKE NOTICE that, based upon the requests from Mr. Davis and High Bridge Wind, an extension is granted to 4:30 P.M. on February 28, 2019 for any comments to be submitted

on the PSS filed by High Bridge Wind in this proceeding. High Bridge Wind must file its summary of and reply to comments by 4:30 P.M. on March 21, 2019.
